I was associated with the same firm from date of licensing until purchasing Coldwell Banker office in 1995. My #1 goal was to make Coldwell Banker Hamilton Realty First in Service and First in Sales. Having achieved that goal, I decided to concentrate on what I loved most....working directly with sellers and buyers...after 10 successful years managing two offices (Cape & Jackson) the company was sold June, 2005. I affiliated with Prudential Bridgeport in March of 2007 and enjoy working with the best professionals in the business
